

MMIP 1, Skeleton Pirates

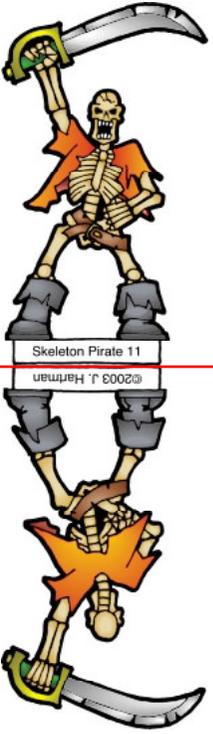

By, Jim hartman

These figures are the first miniatures I had ever designed and really captured the look I wanted right from the start. I hope you enjoy the figures, you can find even more at my website, onemonk.com

Bases quick instructions.
 Score the red and green dotted lines for all the bases at the same time. cut out the entire block of bases as one solid part. Then fold the green lined tabs upward 90 degrees, then fold the both sides of the base over on the red scored lines. Glue the base bottom, but not the tabs, once dry, cut apart all the individual bases with a pair of scissors.
