

Cardboard Warriors

The paper miniatures wargaming forum

Tent-type Velociraptor

Based on the Kamikami style, no longer available on the internet
Mirror print on back to avoid blinding whiteness on the undersides.

Fold the three dino parts for each dino down the middle.
Just a dab of glue at the tip of the tail and nose
Glue foot tabs to the bottom of the base through the base slits.
You probably want to glue cereal box card to the base for strength

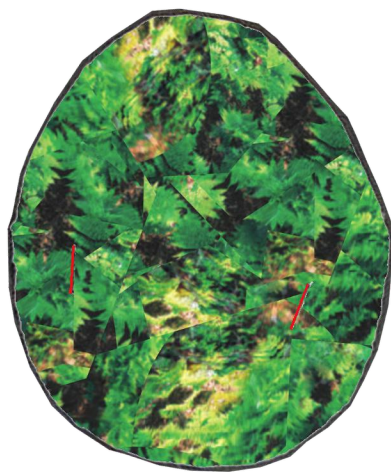

Image taken from this phone card

↓ Feed this end into machine cutter ↓

Printing: turn scaling OFF, have centering ON, set to GOOD or BEST setting, Use Matte Photo paper for best results.
